

CONFIDENTIAL — SALES REP EDITION

# VENTZON

Sales Rep Playbook

---

Everything you need to walk in, close the deal, and get paid.

- The 2-minute pitch, word for word
- Handling every objection
- Step-by-step merchant onboarding
- Your commission structure with real numbers
- Follow-up message templates
- How to use your rep portal

---

[ventzon.com/rep](https://ventzon.com/rep)

[lukerichards@ventzon.com](mailto:lukerichards@ventzon.com)

## CHAPTER 1

# Getting started

---

## Your login

You access your rep portal at [ventzon.com/rep](https://ventzon.com/rep). You should have received a personal invite link via email — click it to set your password and activate your account.

If you haven't received your invite, contact Luke directly at [lukerichards@ventzon.com](mailto:lukerichards@ventzon.com).

## What you'll find in your portal

### Home Dashboard

Your total merchants, commission earned this month, and all-time earnings.

### Merchants Tab

Every business you've signed up. Log new merchants here after onboarding them.

### Resources Tab

This playbook digitally, pitch scripts, and objection guides — right on your phone.

### Commission Tracking

See exactly how much you're earning and when payouts happen.

## What you need to carry

- 1 Printed merchant flyer**  
Print the Ventzon merchant flyer (provided separately). Show it at the door — it explains pricing visually and makes you look professional.
- 2 Your phone with the demo ready**  
Go to [ventzon.com/demo](https://ventzon.com/demo) and bookmark it. This lets you show the merchant and customer experience live, without needing a real account.
- 3 This playbook**  
Keep it in your bag for the first few weeks until the pitch is second nature.

**Rule #1:** Always demo live. Showing beats telling every time. Open [ventzon.com/demo](https://ventzon.com/demo) on your phone before you walk in.

## CHAPTER 2

# The pitch

---

## Before you walk in

Look at the business. Do they have a paper punch card on the counter? Even better — that's your opening. Do they look busy? Come back in 20 minutes. You want the owner or manager, not a cashier.

## The opener (15 seconds)

**SAY THIS**

*"Hey, I'm [Name] — I work with Ventzon. We help local businesses run a digital loyalty program. Customers scan a QR code, earn stamps, and come back for a reward. No hardware, no app to download. Takes about 5 minutes to set up. Got 2 minutes for me to show you how it looks?"*

If they say yes — open the demo on your phone and walk them through it. If they say they're busy, say:

**IF BUSY**

*"No problem at all. Here's a flyer — I'll come back [specific day/time]. What time works better for you?"*

## The demo (60 seconds)

Open [ventzon.com/demo](https://ventzon.com/demo) on your phone. Walk through these 3 beats:

**1****Show the merchant dashboard**

"This is what you'd see — your customers, check-ins, and rewards all in one place. Real time."

**2****Show the customer experience**

"This is what your customers see when they scan the QR code. They put in their email or phone number, and that's it. No app download."

**3****Close**

"The QR code just sits on your counter. Customers check themselves in. You get repeat business automatically."

## The close

**SAY THIS**

*"It's \$25 a month — or \$240 for the year which saves you \$60. Plus \$0.85 per reward redeemed, which only happens when a customer actually earns something — so you only pay when it works. Want to set it up now? Takes 5 minutes."*

Key framing: The \$0.85 per redemption isn't a cost — it's proof the program worked. If a customer hit the reward threshold, they came back 8 times. That's worth way more than \$0.85.

## CHAPTER 3

## Handling objections

---

Every "no" is usually just a question in disguise. Here's how to handle the ones you'll hear most.

**"We already have a loyalty program."**

"That's great — what does it look like right now? Is it paper punch cards?" (Wait for answer.) "Ventzon replaces that automatically. No lost cards, no manual tracking, and you actually get to see who your regulars are by name. Want to see it?"

**"We're too busy right now."**

"Totally understand — what time is usually slower for you? I can come back then, setup takes 5 minutes. You don't even need to stop what you're doing."

**"How much does it cost?"**

"\$25 a month flat. The only other charge is \$0.85 when a customer hits the reward threshold — meaning they came back enough times to earn something. So you're paying a tiny amount only when the loyalty program actually worked for you."

**"We're not very tech savvy."**

"That's exactly who this is built for. You literally just print a QR code and put it on your counter. Customers do everything else — you just watch the dashboard."

**"I need to talk to my business partner / spouse."**

"Of course. Can I leave you the flyer? And what's the best way for me to follow up — email or phone? I'll send you a link so you can show them the demo."

**"Do customers need to download an app?"**

"No — that's the best part. They just scan the QR code and enter their phone number or email. That's it. Works on every phone with a camera."

**"What if customers don't use it?"**

"Most businesses see 20-30% of customers check in within the first week just from curiosity — people love scanning QR codes now. And the reward drives repeat visits automatically."

"Can I cancel anytime?"

"Yes — month to month, no contracts, cancel anytime from your dashboard."

## CHAPTER 4

# Onboarding a merchant

---

Once they say yes, do this with them on the spot. It takes 5 minutes and they'll feel much more confident when you leave.

**1 Go to [ventzon.com/signup](https://ventzon.com/signup) together**

Either use their phone or your phone and hand it to them. They create the account with their email and set their shop name.

**2 Set up their reward**

Ask: "How many visits feels right before they earn something?" (Usually 5–10.) Then: "What's the reward?" Common ones: free item, 10% off, free upgrade. Set this in the onboarding checklist.

**3 Set up billing**

They enter their card on the Stripe checkout page. Takes 60 seconds. Confirm the subscription is active — their dashboard will show "Pro" status.

**4 Download and print the QR code**

From their dashboard, download the QR code image. If you have a portable printer — print it on the spot. Otherwise, email it to them and tell them to print it at home or a copy shop and laminate it.

**5 Test it with them**

Have the owner scan the QR code with their phone, enter their own email, and check in. Show them what the customer sees. Now they can explain it to their own customers.

**6 Log them in your rep portal**

Go to [ventzon.com/rep](https://ventzon.com/rep) → Merchants → Log a Merchant. Enter their shop slug (the part of their URL after /merchant/). This links them to your account for commission tracking.

**Don't leave without logging them.** If you don't log the merchant in your portal before you leave, you won't get credit for the commission.

## After you leave

Send them a quick follow-up text within 24 hours. See the templates in Chapter 6. Check in again after week 1 to make sure the QR code is up and they're getting check-ins.

CHAPTER 5

# Your commission

You earn a percentage of every dollar your merchants pay Ventzon — every single month, for as long as they stay subscribed. It stacks.

| TYPE                 | MERCHANT PAYS      | YOUR CUT | YOUR MONTHLY TAKE             |
|----------------------|--------------------|----------|-------------------------------|
| Monthly plan         | \$25/mo            | 33.33%   | <b>\$8.33/mo per merchant</b> |
| Annual plan          | \$240/yr (\$20/mo) | 33.33%   | <b>\$6.67/mo per merchant</b> |
| Each reward redeemed | \$0.85             | 33.33%   | <b>\$0.28 per redemption</b>  |

\* Examples below assume 75 recurring customers per store, reward goal of 8 stamps, avg. 2 visits/month = ~18 rewards redeemed/month per store.

## The stacking math

MONTH 1 — YOU SIGN 50 MERCHANTS

|                                         |                 |
|-----------------------------------------|-----------------|
| 50 merchants × \$8.33/mo (subscription) | \$416.50        |
| 50 merchants × 18 redemptions × \$0.28  | +\$252.00       |
| Month 1 total                           | <b>\$668.50</b> |

MONTH 2 — YOU SIGN 50 MORE (100 TOTAL)

|                              |                   |
|------------------------------|-------------------|
| 50 from month 1 still paying | \$668.50          |
| 50 new merchants             | +\$668.50         |
| Month 2 total                | <b>\$1,337.00</b> |

MONTH 6 — YOU HAVE 300 TOTAL MERCHANTS

|                                          |                      |
|------------------------------------------|----------------------|
| 300 merchants × \$8.33/mo (subscription) | \$2,499.00           |
| 300 merchants × 18 redemptions × \$0.28  | +\$1,512.00          |
| Month 6 total                            | <b>\$4,011.00/mo</b> |

The key insight: Every merchant you sign keeps paying you every month even when you're not working. This is recurring income — not one-time commissions.

### When you get paid

Commissions are tracked in your portal in real time. Payouts happen monthly. Contact Luke directly if you have any questions about your earnings.

## CHAPTER 6

# Message templates

Use these word for word. Change [brackets] to fit the situation.

**FIRST FOLLOW-UP (send same day)**

Hey [Name], it was great meeting you at [Business] today! Here's the link to try the demo yourself: [ventzon.com/demo](https://ventzon.com/demo) — and your unique signup link is [ventzon.com/signup](https://ventzon.com/signup). Let me know if you have any questions, I'm happy to come back and help get it set up.

**FOLLOW-UP IF NO RESPONSE (3 days later)**

Hey [Name] — just checking in. Did you get a chance to look at Ventzon? Happy to come by [day] to get the QR code set up in person — takes 5 minutes. What time works?

**AFTER THEY'RE LIVE (1 week later)**

Hey [Name]! How's the loyalty program going? Are customers scanning the QR code? Let me know if you need anything — I can always swing by. Also, do you know any other business owners who might want this?

**ASK FOR A REFERRAL**

Hey [Name] — glad [Business] is up and running on Ventzon! Do you know any other local business owners who might benefit from this? I'd love an intro — and I'll make sure they get the same white-glove setup experience.

**COLD WALK-IN TEXT (if they give you their number)**

Hey [Name], this is [Your Name] from Ventzon — I stopped by [Business] earlier. Here's the link I mentioned: [ventzon.com/demo](https://ventzon.com/demo). It shows exactly what your customers would see. Let me know if you want to chat!

## APPENDIX

# Merchant Handouts

The following pages are designed to be printed and given directly to merchants. Leave the brochure behind after your pitch — it covers everything they need to know.

## Merchant Brochure (4 pages)

Full overview — what Ventzon is, value prop, how it works, pricing, CTA. Leave this behind.

## Merchant Flyer (1 page)

Quick-hit summary — best for busy owners who want the highlights in 30 seconds.
